

Project Overview

As of April 24, 2013

Lockbourne Road, looking north from south of Lawrence Drive

Lockbourne Road Stormwater System Improvements

Description and Benefits: Project is a joint effort between the Departments of Public Service and Public Utilities. Storm sewer facilities will be improved and approximately two miles of Operations SAFEWALKS sidewalks and up to 64 *Americans with Disabilities Act*-compliant curb ramps will be added. The work limits will be Frebis Avenue to State Route 104 for sidewalks, and Moler Avenue to Refugee Road for storm sewers. The finished project will provide safer pedestrian accommodations, improved roadway appearance and upgraded drainage facilities.

Schedule:

Design completion
Estimated construction start

May 2013
Spring 2014

Costs:

Design, right-of-way acquisition, and utility relocation	\$570,000
Construction and inspection	\$2,730,000
